Hospital List

What hospitals can I use?

The standard Freedom Elite hospital list covers all private hospitals throughout the United Kingdom (UK) except those listed under the optional London Plus hospital extension. The standard list includes all hospitals in the UK's largest hospital groups, such as Circle Health Group, Nuffield Health, and Ramsay Health Care, regional independent hospitals, and NHS hospitals which offer private patient facilities. The standard hospital list is provided to all our members.

There is a small number of hospitals which are only covered if your policy has the London Plus hospital list extension. These hospitals are shown on page 11. If your policy includes the London Plus hospital list extension, it will be shown on your certificate.

The standard hospital list does not show every hospital in the UK; if you need treatment in a hospital not shown on the list, it will still be included as part of the standard hospital list, and you will be able to use this hospital if your claim is covered. Contact the claims helpline before treatment for approval and to get an authorisation code.

Please note we do not provide any guarantee of the standard of care provided to patients, which is subject to a direct contract between the patient and the provider.

This list was correct at the time of printing. Freedom Health Insurance can accept no responsibility for any accidental errors or omissions.

National Health Service (NHS) hospitals

In addition to the hospitals included in the Freedom Elite hospital list, you may also receive treatment in any NHS hospital. Unless otherwise stated, all NHS hospitals are included as part of the Freedom Elite hospital list. Any NHS hospitals which are only covered under the London Plus hospital list extension will be specifically shown.

You may be treated as a private patient in a dedicated NHS private patient unit or in an NHS pay bed. However, an NHS pay bed accommodation may not differ from standard NHS accommodation, and their availability is at the discretion of the hospital.

Alternatively, if you choose to be treated as an NHS patient, we will pay you the benefit specified in your policy documents for each day or night spent in an NHS hospital, as an NHS patient, for treatment covered by the policy.

Psychiatric hospitals

Cover for mental health care is not included as standard under Freedom Elite, and you can only claim for psychiatric treatment if your policy includes this cover. If your policy includes cover for mental health care, and you require any treatment, you must contact the claims helpline before proceeding with treatment and, if we accept your claim, we will approve the required hospital at this time.

HCA Healthcare UK

Unless otherwise specifically listed, all HCA Healthcare UK facilities, both inside and outside of London, are only covered in full if you have the London Plus hospital list extension. This includes HCA Healthcare UK hospitals, diagnostic centres, outpatient clinics and specialist treatment centres.

Contacting the claims helpline

Remember to contact our claims helpline before you arrange any treatment. If you do not do so, you may find your claim will not be paid by us.

Optional London Plus hospital list extension

(including all HCA Healthcare UK facilities)

The London Plus hospital list extension is only available as an optional cover and is not included as standard under Freedom Elite. Your certificate will tell you whether you have the London Plus hospital list extension.

If you do not have the London Plus hospital list extension, and you use any of these facilities to receive treatment without our authorisation, we may not pay the treatment costs in full, and you will be personally liable for any outstanding balance.
