What are my obligations?

- You must give us complete and accurate answers to any questions we ask when you arrange your policy and whenever you make a claim. Failure to do so may invalidate your policy and we can refuse to pay a claim.
- You must pay the premium on time otherwise cover will be suspended, and we will not pay any claims. If premiums remain unpaid for more than 30 days, we may cancel the policy.
- You must tell us if any of your personal details change, including your address.
- If you need to make a claim, you must contact our claims team to make sure it is covered under the policy.
- You must help us by providing any information we need to administer your policy or assess a claim.
- All claims must be sent to us within six months otherwise we may not accept them.

When and how do I pay?

The premium can be paid in full at the start of the period of insurance by cheque, credit or debit card, direct debit or by bank transfer (details available on request). The premium can also be paid by monthly direct debit.

When does the cover start and end?

The period of insurance will typically be a period of 12 months starting from the commencement date and ending on the cover end date shown on the certificate of insurance as long as the premium has been paid.

How do I cancel the contract?

- You have 14 days from the date you bought the policy or received the policy documents, whichever is the later, to cancel it and get a full refund of the premium as long as a claim has not already been made. This is called the 'cooling-off period'.
- If you cancel the policy after the cooling-off period has ended, we may refund any premium that has been paid for the rest of that period of insurance if no claim has been made. If a claim has been made, we will cancel the policy but not refund any premium and you must pay the rest of the full annual premium.
- To cancel the policy, contact the insurance broker who arranged the policy for you.
